3. Work Party options & notifications	Currently we have had two further plot holders sign up to the WhatsApp group, proposal to provide a more detailed programme of proposed works, the main shed has been tidied to make access to machinery safer, the group notice board currently positioned on the main gate by the tennis courts needs to be lifted to a more appropriate height.	Date for site meeting to look & assess potential jobs, to be on the 5 th April 10.30am
4. Project Proctor	An update to the current position was provided by JV, KP has got slight reservations as to an open access to the site, but initially it would only be when organisers & or committee members would be in attendance, 24 th March was suggested as a low-key start to the project, JL had identified & undertake 200 trees that have now had grafts taken.	Identification of people agreeing to be linked to the plot.
5. Compost	Landlord has dropped a load of manure to the west gate of the allotments, initial proposal to plot holders to only take 2 wheelbarrow loads to ensure it was evenly distributed. Possibility of more to be delivered from KP	Notice to be sent out via group chat.
6. Bees	Following the discussion held at the AGM, the placement of the beehives to be left to AC along with guidance from Phil Braithwaite.	
7. Use of communal BBQ	Given the situation over the ownership of the large BBQ, the village hall committee no longer are involved as such whilst it can continue to be stored at the hall it will need to be located at some point.
